

With sales of €37.5 billion in 2014, Continental is among the leading automotive suppliers worldwide. As a supplier of brake systems, systems and components for powertrains and chassis, instrumentation, infotainment solutions, vehicle electronics, tires and technical elastomers, Continental contributes to enhanced driving safety and global climate protection. Continental is also an expert partner in networked automobile communication. Continental currently has approximately 200,000 employees in 49 countries.

IT Graduate Program

The goal of the program is to provide a fast track into the IT business, offering a wide variety and challenging opportunities. The program starts in September 2015. Your home location is Hanover, Germany, and you are employed with an unlimited contract. As a member of the IT graduate program, you will be part of a multicultural and high-performing team. You will work on state-of-the-art IT projects and deal with current business issues on an international level. Do you have the confidence to make visions a reality and promote innovations? Do you value passion, commitment, respect, and teamwork? Are you also open to change and constantly willing to develop and learn? If so, you are welcome to start your career with us as a trainee.

Job description:

- > 2 year program – 4 assignments / each 6 months / international
- > Program starts in Germany. Final job position worldwide.
- > Position includes solving problems, shaping innovations, and contributing to a change.
- > Challenge: real-life projects and on-the-job training in different IT areas.
- > Support: Feedback on your performance
- > Extras: Technical training and soft skills development, networking opportunities

In addition, you will be working on a project with a focus on relevant IT topics together with your trainee colleagues.

Job requirements:

- > Technical background - Master in IT or Economics/ Engineering/ Natural Science
- > International experience (study abroad or internship).
- > Fluent English language skills and German language knowledge is welcome.
- > Mobility and flexibility in traveling and working abroad.
- > Open-minded, result-oriented, capable of solving complex tasks
- > Responsible team player with excellent communication skills.
